Hi Raj,

Thanks for reaching out, and welcome. Marco gave me a quick heads-up Friday — happy to be working with Hartwell.

I'd love to do a 45-minute discovery before we put pen to paper on a statement of work. Two things that would help me come prepared:

1. A rough diagram or paragraph on your current cluster (node count, storage backend, networking, ingress).
2. The two or three outcomes that have to be true 90 days after we hand off, from your point of view.

I have Thursday Apr 9 at 2:00 PM ET or Friday Apr 10 at 10:30 AM ET — either work? I'll bring our lead architect, Marcus Brennan.
