

Cert vouchers — confirming numbers

Sorry for the small-item ping. Confirming voucher counts so I can put this on the May headcount budget rather than carry it as a contingency:

- EX180: six vouchers (the four engineers attending kickoff, plus two on the Berlin team who'll join later in the year)
- EX288: two vouchers (Liam and Sofia — both want to take it)

Does that fit within the SoW or do I need a CO?
